

Panel **SV HERACLES**

Residential Areas, Gardens, Industry and High Security.

The **SV HERACLES** fence is perfect, with an attractive design and overall top quality. Its build is truly solid. For a greater stability, the connection between the panels and poles is made through a special vandalism-proof clamp.

The small serrated section on top of the fence is meant to stop climbing attempts and only standardized after 1500mm of height.

Galvanized and Lacquered finish. The standard **SV HERACLES** model is always supplied with a Galvanized finish, but, if required, it can also receive a colour Lacquered finish, RAL colour chosen accordingly to RAL standards: **RAL 6005, RAL 3000, RAL 5010, RAL 7030, RAL 9005 and RAL 9010**. The high quality lacquer finish gives a greater special appearance and durability to the panel.

Pate Metal Concrete Foundation

MODEL	A - Vertical tube	B - Serrated	C - Post	D - Horizontal tube	HEIGHT
SV HERACLES 80	22mm	não	60x60x2mm	50x30x2mm	800mm
